### // EXPERIENCE

#### Senior Full Stack/Blockchain Developer

Tech29

June 2018 - June 2019

- Collaborated with local and remote team members to develop and integrate an Angular trade finance application into NetSuite, Microsoft Dynamics, and other ERP systems for TradeIX
- Developed dozens of react components for the Leadrilla lead generation platform
- Created database migrations, endpoints, and helpers used to match incoming leads with agents
- Integrated Stripe APIs to charge agents for generated leads

#### Full Stack Developer

Fooji

January 2018 - April 2018

- Collaborated with local and remote team members to improve existing APIs and client facing platforms
- Improved internal tools and APIs used to assist with on-demand delivery services and fan engagement

#### Full Stack/Core Systems Developer

Hijro (formerly known as Fluent)

August 2015 - December 2017

- Built and maintained the 4 core APIs used to interact with Hijro's blockchain technologies
- Implemented blockchain technologies that powered the Hijro trade finance platform
- Actively contributed to front end development of the Hijro application
- Led development of a blockchain based trade finance application for J.P. Morgan Chase

#### Full Stack Developer

Software Masters Inc.

March 2014 - August 2015

- Led 10 projects coordinating with team members and meeting face-to-face with clients
- Developed and maintained over 20 (existing and new) web applications and sites for clients
- Built over a dozen reusable PyroCMS modules, reducing project turnaround time from days to hours
- Set up hosting and deployed applications and sites

### // SKILLS

#### Programming Languages

JavaScript    Python    Java  
TypeScript    Solidity    Ruby  
C#    HTML    CoffeeScript  
PHP    CSS

#### Frameworks

NodeJS    VueJS    Codelgniter  
AngularJS    Gridsome    JQuery  
ReactJS    Serverless

#### Databases

MySQL    MongoDB    Redis  
PostgreSQL    Parse Server

#### Game engines

Unity    Phaser    Game Maker

#### Blockchain technologies

Bitcoin    BTCD  
Ethereum    Bitcore

#### Languages

Spanish

### // EDUCATION

#### Spanish BA, Interactive Multimedia minor

Eastern Kentucky University

2008 - 2013
